FIDDLE INTRO OVER VERSE

A D E A

Heartache number one was when you left me
I never knew that I could hurt this way
And heartache number two was when you come back again
TACET

You came back and never meant to stay

Now I've got heartaches by the numbers
Troubles by the score
Every day you love less

TACET

Each day I love you more

Yes, I've got heartaches by the numbers
A love that I can't win
But the day that I stop counting

TACET

That's the day my world will end

STEEL SOLO OVER VERSE

FIDDLE SOLO OVER VERSE

Heartache number three was when you called me
And said that you was coming back to stay
With hopeful heart I waited for your knock on the door
TACET

I waited but you must have lost your way

Now I've got heartaches by the numbers
Troubles by the score
Every day you love less

TACET

Each day I love you more

Yes, I've got heartaches by the numbers
A love that I can't win

GUITAR INTRO E TO A *first note E*

Girl you taught me how to hurt real bad and cry myself to sleep
You showed me how this town can shatter dreams
Another lesson about a naive fool that came to Babylon
And found out that the pie don't taste so sweet

Now it's guitars, Cadillacs, hillbilly music
Lonely, lonely streets that I call home
Yeah my guitars, Cadillacs, hillbilly music
Is the only thing that keeps me hanging on

SOLO GUITAR/FIDDLE

There ain't no glamour in this tinsel land of lost and wasted lives
And painful scars are all that's left of me
Oh but thank you girl for teaching me brand new ways to be cruel
If I can find my mind now, I guess I'll just leave

And it's guitars, Cadillacs, hillbilly music
Lonely, lonely streets that I call home
Yeah my guitars, Cadillacs, hillbilly music
Is the only thing that keeps me hanging on

STEEL INTRO V to I last line of melody

I tried so hard my dear to show that you're my every dream
C
Yet you're afraid each thing I do is just some evil scheme
C7 F
A memory from your lonesome past keeps us so far apart
G C
Why can't I free your doubtful mind and melt your cold, cold heart

Another love before my time made your heart sad and blue
And so my heart is paying now for things I didn't do
In anger, unkind words are said that make the teardrops start
Why can't I free your doubtful mind, and melt your cold, cold heart

FIDDLE SOLO OVER VERSE

You'll never know how much it hurts to see you sit and cry
You know you need and want my love, yet you're afraid to try
Why do you run and hide from life, to try it just ain't smart
Why can't I free your doubtful mind and melt your cold, cold heart

There was a time when I believed that you belonged to me
But now I know your heart is shackled to a memory
The more I learn to care for you, the more we drift apart
Why can't I free your doubtful mind and melt your cold, cold heart

Why can't I free your doubtful mind and melt your cold, cold heart

They say my mamma left me, the day before she had me

Well, now I just thought I'd mention
That my grandma's old age pension
Is the reason why I'm standing here today
I got all my country learning
Milking and a churning
Pickin' cotton, raisin' hell and bailin' hay

I've been to Georgia on a fast train, honey
I wouldn't born no yesterday
I got a good Christian raisin' and an eighth grade education
Ain't no need in y'all a treatin' me this way

Oh, my sweet Carolina, I don't guess I'll ever find
Another woman put together like you are
I love the wiggle in your walkin', and your big city talkin'
And your brand new shiny Plymouth rag-top car

Well, let's hurry up and wait, in this world of give and take
Seems like haste makes the waste every time
But I declare to my soul, when you hear those ages roll
You better know I'm gonna get my share of mine

As I sit here tonight, the jukebox's playing
The tune about the wild side of life
As I listen to the words you are saying
It brings mem'ries when I was a trusting wife

Too many times married men think they're still single
That has caused many a good girl to go wrong

I feel tears wellin' up
Cold and deep inside
BAND IN D A
Like my heart's sprung a big break
And a stab of loneliness sharp and painful
B D7
That I may never shake
A
You might say that I was takin' it hard
D A
Since you wrote me off with a call
But don't you wager that I'll hide the sorrow
E7 A 1..2..3..4.. TACET
When I may break right down and bawl
A
Well the race is on
And here comes pride up the back stretch
D
Heartaches are goin' to the inside
A
My tears are holdin' back
B E7
They're tryin' not to fall
A
My heart's out of the runnin'
D A
True love's scratched for another's sake
The race is on and it looks like heartache
E7 A TACET
And the winner loses all

GUITAR SOLO

TACET
One day I ventured in love
Never once suspectin'
What the final result would be
How I lived in fear of wakin' up each mornin'
And findin' that you're gone from me
There's ache and pain in my heart
For today was the one I hated to face
Somebody new came up to win her
And I wound up in second place

TACET
Now the race is on
And here comes pride up the backstretch
Heartaches are goin' to the inside
My tears are holdin' back
They're tryin' not to fall
My heart's out of the runnin'
True love's scratched for another's sake
The race is on and it looks like heartaches
And the winner loses all

Well I got a crow I wanna pick with you

Just like last time when the feathers flew

You're runnin' wild a-kickin' up your heels

A-leavin' me home with a hand full of bills

I can't live without you and you know it's true

But there's no livin' with you, so what'll I do

I'm goin' honky tonkin', get as tight as I can

And maybe by then you'll 'preciate a good man

Tell me why baby, why baby, why baby, why

You make me cry baby, cry baby, cry baby, cry

No, I can't help but love you 'til the day that I die

So tell me why baby, why baby, why baby, why

Fiddle solo

Well, now I don't know, but I've heard say

That ev'ry little dog is a-gonna have his day

You'd better pay attention, don't you dare forget

'Cause I'm just a little bitty puppy yet

Well, I caught you honky tonkin' with my best friend

The thing to do was leave you, but I should'a left then

Now I'm too old to leave you, but I still get sore

When you come home a-feelin' for the knob on the door

Tell me why baby, why baby, why baby, why

You make me cry baby, cry baby, cry baby, cry

Lord, I can't help but love you 'til the day that I die

So tell me, why baby, why baby, why baby, why

Tell me, why baby, why baby, why baby, why

INTRO V to I

She said if I ever deceived her
She'd be gone before I could count ten
I guess that I didn't believe her
'Cause look at the trouble I'm in

She's gone, gone, gone
Gone, gone, gone
Cryin' won't bring her back
The more that I cry
The faster that train flies
Farther on down the track

LICK V to I

I'd lost every right to be happy
When I lost the heaven I found
She warned me she'd leave and she left me
Before my first tear hit the ground

She's gone, gone, gone
Gone, gone, gone
Cryin' won't bring her back
The more that I cry
The faster that train flies
Farther on down the track

LICK V to I

If I only knew where to find her
I'd crawl there on my hands and knees
Each tick of the clock's a reminder
She's one second farther from me

She's gone, gone, gone
Gone, gone, gone
Cryin' won't bring her back
The more that I cry
The faster that train flies
Farther on down the track
